```

Founder promoter members of the Society, who are Primarily Businessmen, Believe that the future of India can be built and moulded in class rooms; the total education can play a very important role for peaceful and co-operative existence of all human beings. The National and International understanding can be Built-up only through the Tool of Education, thereby after careful and meaningful discussions among ourselves, We desired to establish a society by the name " KALLAM ACADEMY OF EDUCATIONAL SOCIETY ". The Society is registered as vide Reg. No. 24 of 2006 dated 17-01-2006 under the Andhra Pradesh Societies Registration Act, 35 of 2001.

Science and Technology have emerged major factors in the sustenance of the society. They are changing the world with a matchless speed and magnitude. In this scenario , to create competent technocrats, an ideal institution with good ambience, infrastructure and eminent faculty is required.

With an objective to create technically skillful professionals and to extend the legacy of success in industry to the arena of education, KALLAM GROUP OF INDUSTRIES chairman Sri KALLAM HARANADHA REDDY under the aegis of KALLAM ACADEMY OF EDUCATIONAL SOCIETY , established the "KALLAM HARANADHAREDDY INSTITUTE OF TECHNOLOGY" in 2010 at chowdavaram. The college provides a lush green and peaceful environment which is located at about 10 kms away from guntur towards chilakaluripet on NH-5.

VISION:

To be a quality - oriented technical institution known for global academic excellence and professional human values.

MISSION:

- To provide quality instruction with competent and knowledgeable faculty and well - equipped laboratories to meet global standards.
- To achieve academic distinction through novel teaching and learning practice
- To encourage students by providing merit scholarships
- To inculcate self-discipline, accountability and values in the learners for effective and informed citizenship

Quality Policy:

Kallam HaranadhaReddy Institute of Technology(KHIT) strongly believes that quality meets SUCCESS . Hence our constant endeavor to achieve global standards and excellence in teaching, research and consultancy by creating an environment in which the faculty and students share a passion for creating and applying knowledge to continuously improve the quality of education

CHAIRMAN

I was born on 1st November 1936 in a small village ramanayapalem in prakasam district, Andhra Pradesh. I hail from a poor farmers family who are uneducated. I studied education privately , simultaneously working in agricultural fields along with my parents. I passed 7th class exams as a private candidate. I had an interest in pursuing further studies as a regular student. I studied 8th class in bapatla, our near by town. I had to discontinue my school education due to financial problems and helped my father in our agricultural fields. Since I was the youngest child , I was loved by all the members of our family. I was brought up in such a way that I developed independent views, broad vision, strong will, determination to hard work and leadership over the others in all walks of life.

DIRECTOR

Dr. Uma Sankara Reddy Movva s/o Chimpa Reddy , aged 55 with accomplishment of M.Sc., Ph.D. in Applied Mathematics from Banarus Hindu University. He worked as a research associate in the department of mechanical engineering , institute of technology , benarus hindu university.

He has the capability of to mobilize well qualified human resources as and when required for successful running of an engineering college. He also got the niche of encouraging students and guiding them to pursue higher studies abroad. He is also knowledgeable in maintaining revenues.

PRINCIPAL

Dr. Bhimavarapu S. B. Reddy, Principal-KHIT started his teaching career in 1998, after his M. Tech (Materials Technology) from IIT Madras. He completed his Ph. D from IIT Kharagpur in 2008. He has been working as Principal in the institutions affiliated to JNTUK, Kakinada since 2008. He has 18 years of teaching experience and published 10 papers in reputed international journals. Also he has participated in 15 international conferences and presented his research work on Nanocomposite Materials.

COURSE

- Computer Science and Engineering

- Electronics and Communication Engineering

- Civil Engineering
